Dear Mr. Apkarian:

It is with great interest and pride that I extend my sincere congratulations to TransTech Systems, Inc. for being chosen as an award winner for the **2014 Top 30 Editor's Choice Awards** by the *Asphalt Contractor*. For all of the talk in Albany and around the state regarding the troubles of small business, it always refreshing to see success stories, particularly when they involve NFIB members.

The NFIB membership is full of hardworking, dedicated community servants and when one gets deserved recognition, it strikes a powerful chord with the work we try to do here in Albany representing all of you.

Thank you for your steadfast dedication to your community, commitment to excellence as a business and membership in the National Federation of Independent Business. Please, never hesitate to reach out if we can be helpful.

Very truly yours,

Michael P. Durant
State Director – NFIB New York
